Burmatex[®]

MANUFACTURERS OF CREATIVE FLOORING 

We are passionate about making our flooring products and aim to create truly inspirational environments for people to enjoy

Burmatex® offers an expansive product range; our traditional fibre bonded sheet and tile ranges include entrance products and ground-breaking structure bonded ranges, which present an expansive colour palette. Our multilevel loop, low level loop, textured loop and cut pile tufted carpet tile ranges, including a specialist entrance barrier product, are inspired by the latest and predicted future design and colour trends.

Burmatex® is a leading UK manufacturer of contract carpets and carpet tiles. We are passionate about creating truly inspirational environments, reflected in our products unique nature across both design and manufacture.

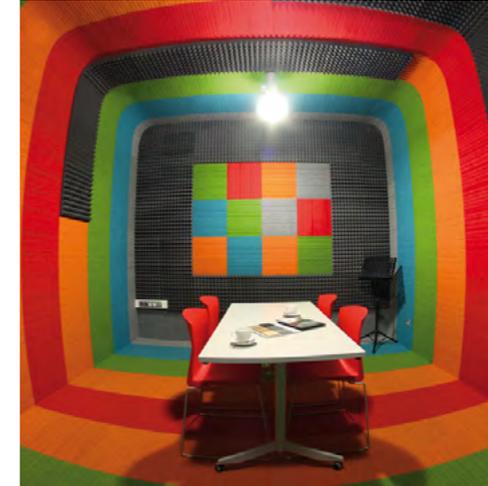

Our products are suitable for use in heavy contract markets and used in a wide variety of private and public sector buildings, including schools, offices, universities and leisure centres.

The **Burmatex**® design team are a driving force in developing product ranges which reflect colour and design trends as well as creating exclusive, bespoke carpet tiles to meet customers' needs and providing our free planned flooring layout design service.

Burmatex® is committed to best environmental practice in our manufacturing, from the sourcing of raw materials, including recycled content, minimising emission of CO₂ and reprocessing waste, use of green electricity and recycled packaging. Our product are now EPD verified by an independent third-party verification of the declaration and data, according to ISO 14025:2006.

We hope that by reading our catalogue and visiting our website at **www.burmatex.co.uk**, we will inspire you to work with us to create really unique, captivating floor designs.

Burmatex® is a BS EN ISO 9001:2000 registered company (Cert No.FM1440). All products are tested to BSI/CEN standards in relation to durability, wear, flame retardancy, antistatic properties and colour fastness.

carbon negative recycled yarn

Specification

Product Description: Carbon Neutral Multilevel Loop

Pile Yarn Description: Universal Fibers' Thrive[®] matter carbon negative recycled yarn

Tile Dimensions: 50 cm x 50 cm

Pile Height: 5 mm

Total Thickness: 7.5 mm

Pile Weight: 695 g/m²

Tufts per m²: 226,771/m²

Castor Chair Rating: BS EN 985 Pass

Body Voltage Test: BS ISO 6356:2000 <2kV

Colour Fastness To Light: Minimum grade 6

Flammability: Euroclass Bfl-s1

osaka[®]

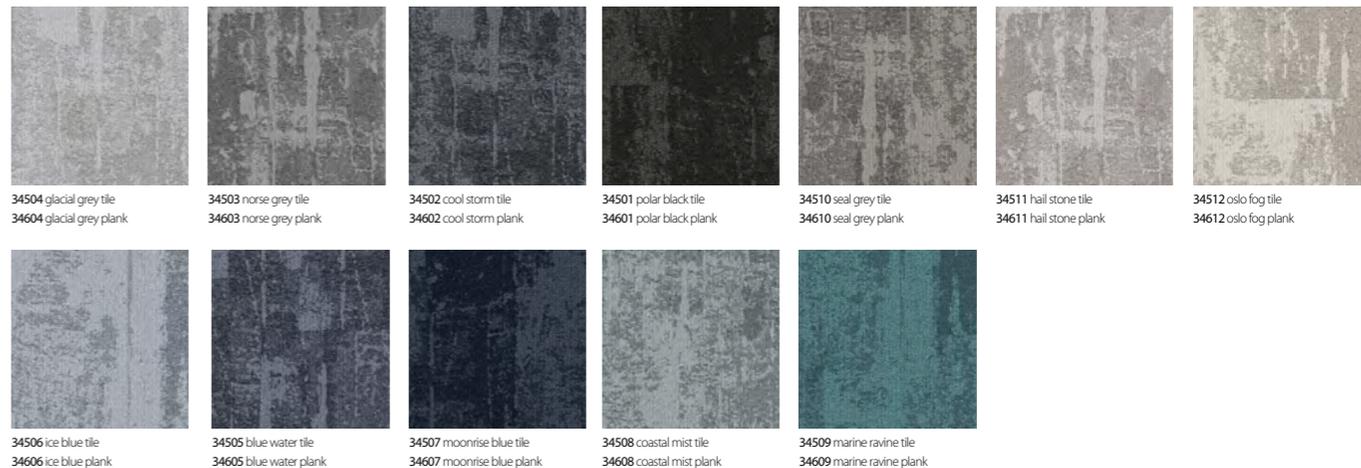

osaka[®] is an all over pattern inspired by an incredibly vibrant, futuristic, and traditional part of the world, Japan. The contrasts found in Japan inspire the range; new and old, warm and cool, urban and natural.

eco₂matters[®]

osaka[®] is 695g, manufactured with Universal Fibers[®] ground-breaking Thrive[®] matter yarn, the **world's first carbon negative recycled yarn**. This, combined with our unique **BioBase[®] recycled backing** – makes **osaka[®] carbon neutral**.

Initially inspired by a map of Osaka the carpet tile design is geometric yet organic, reminiscent of folded paper origami. Whether looking down on the busy metropolitan streets or up at the forest canopies, you can see the pattern of **osaka[®]** appear in both city and natural settings.

The abstract nature of the design, teamed with the revived colour palette, allows it to be both soft and strong, expertly working with modern interior spaces.

arctic[®] tile/plank

arctic[®] is inspired by the changing landscape of the Arctic region. Organic lines cutting through icy rock, cold water flowing down frozen mountains and glacial river rapids inspire the movement in the design.

The colour palette consists of 12 colours inspired by the natural elements of the Arctic - ice blues and cool greys amongst soft subtle warms, with marine-like green tones to further enhance the collection.

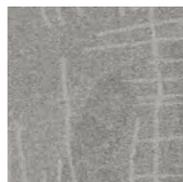

arctic[®] is available in both tile and plank, allowing you the freedom to express arctic in either option, creating unique structures and patterns to suit your project.

eco²matters[®]

Made from Universal Fibers' Thrive' matter yarn, the world's first carbon negative recycled yarn, and our unique BioBase[®] recycled backing, arctic[®] is carbon neutral. The design and 12 colour palette are inspired by the dramatic icy landscape of the arctic region we hope to help preserve.

vibe®

vibe® is inspired by torn netted structures with areas of strong pattern breaking away into sections of plain. Whilst the grid is the main feature of the design, underneath are subtle broken shapes created from torn and folded papers. This building of layers within the design creates a luxurious, velvet like appearance.

The vibrant palette of 12 colours provides colour on grey and tonal options. The four core greys make up the background to the colour on greys with the grid pattern taking the colour. From pastel tones to bright pops of highlight, is it suitable for all manner of interiors and installations.

tiltnturn®

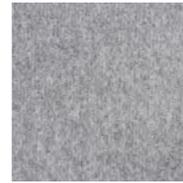

tiltnturn® is a 770g product which reflects the amazing effects of light and shadow which surround us every day. The design and the colour palette are inspired by how light catches different planes within architectural structures, creating changing shadows and varying lines.

balance ground[®]

balance grade[®] is inspired by the rough texture of sidewalks and pavements that run throughout the city of Chicago. It is strong in tactile elements but soft in colour, designed to give your space some breathing room. When used in conjunction with **balance grid[®]** and **balance grade[®]** it is grounding and neutral.

rainfall®

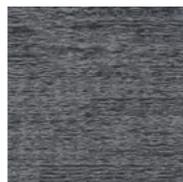

rainfall®'s inspiration was trying to capture those first moments of a summer storm. The first spots of rain punctuate the surface, gathering in intensity until the whole colour is several shades darker.

This multilevel loop product encompasses changes of tone in varying proportions throughout, resulting in an all over effect of subtlety combined with soft angles.

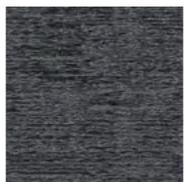

These characteristics ensure that each installation of appears slightly different from the last. An enticing palette of 12 colours provides bright and light options, through to more concentrated and atmospheric tones, suitable for all manner of installations and interiors.

alaska[®]

alaska[®] is our first multilevel loop product and its name was also our inspiration.

A concise palette of twelve colours in this 800g product, combined with the tactile and textural finish, all relate to the invigorating outdoors of this beautiful state. This enables the creation of nature-inspired flooring schemes, while not excluding the possibility of a more classic effect.

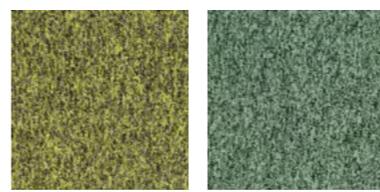

Used alone, or in combination with other burmatex ranges **alaska[®]** brings an additional layer of flexibility and creativity to our constantly evolving product portfolio.

infinity[®]

infinity[®] is a 550g level loop pile carpet tile collection of 16 shades, inspired by flecked textures and colours found in raw materials and nature. Visual inspiration from rocks, gemstones, coastlines, and minerals help to create the individual aspect of this heavy commercial range. This specific characteristic of the tile provides excellent soil hiding properties..

eco₂matters[®]

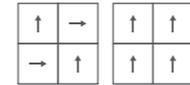

Made from 100% Econyl[®] **regenerated recyclable** solution dyed nylon yarn and our unique **BioBase[®] recycled** backing, **infinity[®]** is **low carbon** and a considered choice for sustainable building projects.

origin®

origin® is a sophisticated and plush range, working as a stand-alone product as well as with other carpet tiles in our collection, such as **osaka®**, **rainfall®** and **alaska®**.

The new colouration of **origin®** was inspired by coastal themes and forecasted colour trends. Organic and natural, the colour palette is usable, classic and clean. Looking to the colour names chosen, you can clearly see the oceanic inspiration: fresh and crisp surf, deep and dramatic wave, smooth pebble and atmospheric cloud, to name a few in the palette of 10.

Specification

Product Description: Performance Barrier System

Pile Yarn Description: 100% Solution Dyed Nylon (Polyamide-PA)

Tile Dimensions: 50 cm x 50 cm

Total Thickness: 10.0 mm

Pile Weight: 920 g/m²

Tufts per m²: 110,236/m²

Castor Chair Rating: BS EN 985 Pass

Body Voltage Test: BS ISO 6356:2000 <2KV

Colour Fastness To Light: Minimum grade 6

Flammability: Euroclass Bfl-s1

armour

armour uses the latest yarn technology to maximise moisture absorption, actively scrape away dirt, and provide heavy duty performance. This enables **armour** to remove up to 90% of the dirt and moisture tracked into a building, making it the ideal choice for entrance areas, lobbies, lifts and staircases. Use **armour** to make the right first impression, and to protect your interior flooring finishes.

eco₂matters[®]

armour is made from 100% **Econyl[®]** regenerated solution dyed nylon yarn and our unique **BioBase[®]** recycled backing.

Specification

Product Description: Fibre Bonded
Pile Yarn Description: 100% Polypropylene
Roll Length: 30m
Roll Width: 2m
Total Thickness: 10.0 mm +/-10%
Total Weight: 1490 g/m² +/-10%
Colour Fastness To Light: Minimum grade 6
Flammability: Euroclass EF-s1

7700 grimebuster

7700 grimebuster is a heavy contract ribbed fibre bonded carpet. It is ideal for withstanding heavy footfall environments and creating an effective dirt barrier for busy entrances, which lead directly from outside environments.

Specification

Product Description: Fibre Bonded
Pile Yarn Description: 100% Polypropylene
Tile Dimensions: 50 cm x 50 cm
Total Thickness: 12.0 mm
Pile Weight: 1170 g/m²
Total Weight: 4300 g/m²
Colour Fastness To Light: Minimum grade 6
Flammability: Euroclass Bfl-s1

grimebuster 50

grimebuster 50 is a heavy contract fibre bonded carpet tile with a deep diagonal rib surface.

It is ideal for withstanding heavy footfall environments and creating an effective dirt barrier for busy entrances, which lead directly from outside environments.

Specification

Product Description: Fibre Bonded
Pile Yarn Description: 100% Polypropylene
Roll Length: 30m
Roll Width: 2m
Total Thickness: 10.0 mm +/-10%
Total Weight: 1490 g/m² +/-10%
Colour Fastness To Light: Minimum grade 6
Flammability: Euroclass EF-s1

7800 chevrolay

7700 chevrolay is a heavy contract chevron ribbed fibre bonded carpet. It is ideal for withstanding heavy footfall environments and creating an effective dirt barrier for busy entrances, which lead directly from outside environments.

Specification

Product Description: Fibre Bonded
Pile Yarn Description: 100% Polypropylene
Tile Dimensions: 50 cm x 50 cm
Total Thickness: 12.0 mm
Pile Weight: 1490 g/m²
Total Weight: 4300 g/m²
Colour Fastness To Light: Minimum grade 6
Flammability: Euroclass BF-s1

chevrolay 50

chevrolay 50 is a heavy contract chevron ribbed fibre bonded tile with deep chevron design.

It is ideal for withstanding heavy footfall environments and creating an effective dirt barrier for busy entrances, which lead directly from outside environments.
